Stop the "Stimulus"!!!

Last night, CNP member Tim Phillips, the President of Americans for Prosperity (AFP), hosted a conference call with Representatives Michele Bachmann (MN-6) and Tom Price (GA-6) to discuss the upcoming vote on the Stimulus Package. They urged everyone to immediately activate their networks and flood Capitol Hill offices with opposition to this \$825 billion monstrosity.

This bill will expand government, saddle future generations with debt, and do little to stimulate the economy. Tim Phillips made the following comment: "This so-called stimulus is loaded up with a wide-ranging agenda that has nothing to do with boosting the economy. A huge amount of this money will be used to grease the wheels of local special-interest politics, funding thousands of projects of questionable value, projects that were unaffordable during the best economic times and are even less affordable now."

I urge you to act NOW to stop Congress from wastefully spending YOUR money. For more information and to sign an anti-stimulus petition, visit AFP's web project: www.NoStimulus.com. In addition, activate your networks immediately and ask them to call their congressmen in opposition to this wasteful, irresponsible, and earmark-laden spending spree.
